

France Threaten to Seize Hamburg If German Crown Prince Is Not Delivered

Washington Astounded by Report; Would Mean Serious Crisis, Heiloff.

EXILE UNSATISFACTORY

French Nation Desires to Give Heir to Hohenzollern Throne Trial as War Criminal; May Be Mole to Force England to Support French.

By United Press.

WASHINGTON, Nov. 15.—France is considering seizure of the great German port of Hamburg to force Germany to deliver the former German crown prince, according to an official report which reached a formed diplomatic quarters here today.

This information, which is understood to reflect directly the attitude of Premier Poincaré of France, was to the effect that if the support of Great Britain cannot be obtained to such drastic action against Germany France will proceed alone.

The report today brought first confirmation on official authority of the rumor circulated in Europe that France was planning the drastic move of seizing Hamburg. Washington was astounded at this news. Some diplomatic circles here have expressed the belief that should France seize Hamburg a crisis of the first magnitude might be developed between France and Great Britain, because of the large British trade with that port.

Whether this supposed intention of seizing Hamburg is largely a maneuver by France to force Great Britain into supporting her in a vigorous demand on Germany to deliver Frederick Wilhelm or is seriously planned by Poincaré is not yet clear here.

The official information as it reaches Washington does not state that France actually has decided on this step, but is to the effect that Premier Poincaré is considering such action. On the other hand, there is no definite indication that France is bluffing.

The attitude of Poincaré as contained in information reaching here is that the French government is absolutely determined to secure the delivery of the crown prince by Germany and will take any steps necessary to achieve this.

It is assumed from this that France would not be content merely with expulsion of the former crown prince from Germany and will not determine her action by the behavior of the prince in Germany, but that she is intent on bringing him to trial as the principal on the list of war criminals that the Allies demanded from Germany under the Versailles treaty.

With Frederick Wilhelm's return to Germany, France now has an opportunity to capture him, which did not exist while the former heir to the German throne remained on his island exile, it is explained.

PARIS, Nov. 15.—France regards expulsion of the former crown prince from Germany as the first step necessary to keep the Hohenzollerns from seizing power in Germany and starting a new war, it was learned today.

If Great Britain decides to do nothing France will strongly consider taking independent military action, it was understood. Premier Poincaré will first try to stir the ambassadors' conference to action.

The attitude of the United States is outlined in authoritative dispatches Tuesday stating that no action would be taken to prevent the Hohenzollerns returning to Germany came as a bitter disappointment to France.

Coming at the time when Allied governments are keeping the closest watch to prevent the Kaiser's return, this was regarded as almost an encouragement to the war lord, it was said in semi-official circles.

France regards the situation in Germany as extremely precarious, it was said. She is trying to come to an agreement with England in secret negotiations as to the status the two countries will take towards the possible break-up of the German federation.

It was hinted here that Belgium was opposed to the creation of a Rhineland republic because she feared preponderant French influence, and it is believed England is strongly supporting Belgium.

LONDON, Nov. 15.—Dutch diplomatic officials believe the return of the ex-Kaiser to Germany from his refuge in Holland is not only possible but probable, a dispatch from Doorn said today.

Greek Rebellion Leaders to Die

ATHENS, Nov. 15.—The court-martial at Eleusis, trying leaders of the recent military rebellion today condemned to death Generals Leonaropoulos and Gargalides and Lieutenant Colonel Nicolares and 14 others.

WOMEN WANT HISTER SPEEDERS JAILLED NAME AS MALES

OMAHA, Nov. 15.—Omaha women are aroused, because they cannot be arrested just like men when they violate automobile laws. Yesterday Police Commissioner Dunn ordered that a summons be served on women violators and that they be not taken to jail.

Clubwomen of the city held an indignation meeting and numerous prominent members are quoted as insisting that women receive the same treatment as men.

FIFTEEN HIGHWAY POLICE ARRIVE AT TROOP A BARRACKS

Fifteen men of the new Highway Motor Patrol, who will be attached to Troop A, State Police, arrived at the Greenburg barracks Wednesday evening. The patrol is in charge of Corporal Amich, of Troop A.

Fifteen others in charge of Corporal Price, of Troop D, also came here Wednesday night and left immediately for Butler, where they will be stationed.

The men composing the patrol will probably remain at the local barracks for two or three weeks, until they are equipped with the uniforms designated for their use. The uniforms will be smoke gray, with a black stripe down the seams, and be made similar to those of the state police.

After the patrol is properly equipped the men will be distributed to the various sub-stations of the five troops of the state.

The men making up the patrol have been training at Mt. Gretna for several months. Captain Wilson C. Price has had charge of the training. General training consisted of study of all automobile laws, the highways of the state as well as methods of procedure in various cases.

Bandits Get \$20,000 From Messenger; Also \$14,000 Coal Payroll

KANSAS CITY, Mo., Nov. 15.—Bandits held up a messenger for the Argentine State Bank here today and escaped with \$20,000.

The robbers approached the messenger on the Twelfth street viaduct and after seizing the money escaped in an automobile.

COLLINSVILLE, Ill., Nov. 15.—Five bandits, armed with sawed off shotguns, held up two clerks in the office of the Consolidated Coal Company here today and escaped with the company payroll of \$14,000.

The money had been brought from a bank a few minutes before.

The bandits left by automobile headed in the direction of St. Louis, 20 miles west. An alarm was broadcast to St. Louis and adjacent cities.

Europe Would Pattern After U. S. Railroads

GENOVA, Nov. 15.—An attempt to pattern the railway systems of Europe after that of the United States will be made at the League of Nations second international communications and transit conference, which began here today.

Under the presidency of Senator Conti, former Italian minister of transportation, delegates from every country in the world began the sessions which are expected to continue a month. An international convention providing for the mutual use of rolling stock and uniform equipment will be drawn up to lessen interruptions of traffic, due to boundary lines, it was expected.

O'RYAN ASKS FORBES TO PROVE CHARGES OF LIES AND CONSPIRACY

By United Press.

WASHINGTON, Nov. 15.—General John F. O'Ryan, counsel for the Senate Committee investigating the Veterans' Bureau today challenged former director of the bureau, Charles R. Forbes, to prove charges of conspiracy to "destroy" him, which Forbes has made in defending himself before the investigators.

O'Ryan declared he, on his part, was prepared to prove the whole truth of the testimony of Elias H. Mortimer, accusing Forbes of corruption, misconduct and drunkenness.

O'Ryan told the committee that if Forbes or his counsel, Colonel Eashy-Smitke had evidence reflecting on the counsel for the committee or witnesses he wanted it produced. Senator Reed said his first duty was the study of the Veterans' Bureau, but charges of misconduct on the part of its investigators must be examined.

O'Ryan resumed his cross-examination of Colonel Forbes. He asked if the cause of Forbes' quarrel with Mortimer in the fall of 1922 had not been the discovery by Mortimer of Forbes and Mrs. Mortimer being together in the Mortimer apartment. Forbes angrily denied this and repeated the charge he had broken with Mortimer because he suspected him of being a bootlegger.

Impeachment Trial Of Governor Walton May Have Long Life

By United Press.

OKLAHOMA CITY, Nov. 15.—Long life loomed ahead today for the Walton impeachment trial when only Wednesday prospects had seemed so fair for an early verdict by the Senate court.

The House board of managers which is prosecuting the charges against the suspended governor sought other ways today to avoid airing Nov. 6 to 12 of the charges against Walton, which deal with that period when he turned out the military forces of Oklahoma to fight the Ku Klux Klan. A minor victory was won for the governor when the first effort to suspend these charges was defeated.

OKLAHOMA CITY, Nov. 15.—J. C. Walton never received any money corruptly while governor in the knowledge of Dr. E. T. Bynum, his former executive counsel and now principal witness against him. Dr. Bynum testified before the senate court of impeachment today.

The court was engaged in airing details of the notorious Tonkawa bribery case and the question was put to Bynum by Walton's counsel:

"Did you ever know of Walton while in office receiving any money corruptly?"

There was a considerable pause, senators pitching forward in their chairs to catch the witness' reply.

"No sir," came the answer.

New York Police Join in Search For Robber Gang

By United Press.

NEW YORK, Nov. 15.—Hundreds of police in the Metropolitan area and for miles around New York have joined in the search for robber gangs who have killed three men and obtained more than \$50,000 in the last two days.

Robbers obtained \$15,173 in six hold-ups in the 48 hours ending this morning, police records showed.

In the meantime Police Commissioner Richard Enright in a statement scored banks for transferring large sums of money by messengers when checks might as well be used, and for failure to avail themselves of police protection when transfers in cash were necessary.

Justices of Peace And Aldermen Must File Acceptances

Announcement has been made at the office of the probate in Uniontown that all justices of the peace and justices of the peace must file acceptance of the office within 30 days after the election or such offices will be declared vacant.

When filing the acceptance justices and justices of the peace must give the names of their predecessors and the location of their offices.

Springfield Road Advocates Discuss An Active Campaign

The approval by the people of Pennsylvania of the \$50,000,000 bond issue for road construction will have the effect of spurring the advocates of the continuation of the Connellsville-to-Farmington road to greater effort toward securing extension of the three-mile stretch toward Norristown that has been completed and which was thrown open to travel Wednesday.

Recently there was discussion of possible ways and means of bringing the matter prominently to the attention of the State Highway Department but this was deferred until the outcome of the vote on the bond issue was determined. Members of the Connellsville-to-Farmington Good Roads Association worked energetically to influence sentiment in favor of the road and had the satisfaction of seeing it approved in their territory.

The next step will be to get the road situation before the Highway Department and keep it there. The Ohio end of the road is complete; was thrown open about two weeks ago. This means that there is an improved highway from Ohio to the National Pike at Farmington.

It is believed the cost of construction of the remainder of the road, at least to Norristown, will not be nearly as great per mile as was that from Connellsville to Sandy Flat, and that for this reason alone there should be less difficulty in getting the machinery at work that will insure the improvement soon after the money becomes available.

Tenant Refuses to Pay Rent When Roof Leaks; Dispossessed

By United Press.

PITTSBURGH, Nov. 15.—Oscar E. Van Newkirk and his family of four were dispossessed today and their furniture which ordinarily would fill 10 rooms, cluttered the street in front of their late home on Watson street.

The landlord, the Pennsylvania railroad, evicted the Van Newkirks when they stopped paying rent because the Pennsylvania refused to repair a leaking roof, owing to the fact that the repair budget had been exceeded for 1923, it was claimed.

Van Newkirk asserted he did not receive the customary 30-day notice before being ejected.

Socialists Will Try To Kill Stresemann Ministry on Tuesday

By United Press.

BERLIN, Nov. 15.—The stoppage of unemployment relief in the Ruhr may mean the death of the Stresemann ministry. Socialists indicated today they would make this the rallying point of a fierce attack on Chancellor Stresemann when the Reichstag opens Tuesday.

They strongly condemned the chancellor for his decision to leave 2,000,000 workers and their 3,000,000 dependents in the occupied area to the mercy of France.

Firemen Rescue Sleeping Family

By United Press.

PITTSBURGH, Nov. 15.—Awakened by the odor of smoke in their apartment on the second floor of a two-story brick building at 4601 Butler street, Morris Mandell, his wife and two children, were carried to the street by firemen early today.

The fire, which was confined to the first floor of the building did about \$2,500 damage.

Little Ice Cream Adulterated.
HARRISBURG, Nov. 15.—Only two samples of ice cream taken by representatives of the State pure food this year have been found to violate State Pure Food laws, James Foust, director of the food bureau, told the members of the Association of Ice Cream Manufacturers of Pennsylvania in an address at yesterday's session of their 17th annual convention.

1924 License Tags.
Several local owners of automobiles who were early in filing applications for registration of title in their cars and fees for license for 1924, have received both certificates and tags. The color scheme of the latter is the reverse of that for the 1923 tags, the figures being light blue on a yellow background.

RED CROSS TEAM CAPTAINS READY FOR SUNDAY WORK

Drive to Be Made Systematically in Every City Ward Under the Plans.

LOCAL CAMPAIGN LATE

Preliminary preparations are virtually complete for the Red Cross Roll Call which will be held in Connellsville the next Sunday afternoon. The team captains who were selected by Chairman James R. Laughlin some days ago have made up their teams, and the supplies which will be needed by the canvassers are being made up by the special committee having charge of that work.

Although the Connellsville drive is starting a week later than the campaign elsewhere in the county there is every indication that it will not be any the less successful. Greater interest is being manifested in the canvassers than at any time since the war. The canvassers will be augmented this year by the organized efforts of two strong civic organizations, the Kiwanis and Rotary Clubs.

Dr. S. A. Baily, coroner-elect, who spoke in behalf of the American Legion at yesterday's meeting of the Kiwanis Club, paid a splendid tribute to the Red Cross and its work among ex-service men. He urged that the community give its hearty support to the Roll Call.

During the year which ended October 1, the Fayette County Chapter of the Red Cross handled 508 cases of home service to ex-service men. There were 728 cases handled for civilian families and 2,460 visits made by the public health nurse.

The home service work of the Red Cross is one of its most important features, although the Red Cross is organized primarily for the purpose of being on the job in case of national disasters. Its prompt response to appeals from Japan as a result of the recent earthquake is an example of its world-wide scope.

A number of districts in the county have already reported to County Chairman J. H. Kling that they are ahead of their quota. Mrs. L. W. Hartley, chairman of the Shook district, is one of these. This district is continuing to work, however, and will not conclude its canvass before the end of the week. At Lohansburg, No. 1, the team are also ahead of what was expected of them.

So successful has been the canvass that the national headquarters has been called upon for additional supplies.

Former Dunbar Man, Injured in Wreck, Dies in Pittsburgh

George Ransom Patterson, 35 years old, of Blawnox, a former well-known resident of Dunbar and at one time employed on the Baltimore & Ohio Railroad, died this morning in the Allegheny General Hospital, Pittsburgh, from injuries received yesterday morning when the Draaburg local, on which he was a brakeman, a Pennsylvania passenger train, crashed into a cabin car at the Brilliant cutoff, Pittsburgh. He suffered a fractured skull, contusions of the chest and lacerations of the face.

Mr. Patterson was born and reared at Dunbar, a son of Robert Patterson, deceased, and Mrs. Elizabeth Patterson. Besides his wife, Mrs. Anna King Patterson, and his mother he is survived by two children, Ellen Jane and Robert; six sisters, Mrs. Lorraine McQuiggan, of Dunkirk, N. Y.; Mrs. Wesley Stewart, of New Castle; Mrs. J. H. Kling of Connellsville; Mrs. Mildred Young of Dunbar, Misses, Mildred and Josephine Patterson, both of Pittsburgh and one brother, John Patterson, of Massillon, a brother, William Patterson was killed in the Duquesne limiting wreck in 1903. Mrs. Kling, accompanied by her nephew, Roy Baxter of this city was at her brother's bedside when death came. Deceased was an uncle of Mrs. Ruth McQuiggan of Connellsville.

Tribute to Harding To Hold Republican Convention in Ohio

By United Press.

CLEVELAND, O., Nov. 15.—Holding of the next Republican National Convention in Cleveland as a tribute to the memory of Warren G. Harding was one of the reasons most strongly urged today upon the sub-committee of the Republican National Committee which heard representatives of five cities seeking the convention.

Carmi Thompson, of Cleveland said it would be a graceful and appropriate tribute to the late President and his home state to pick Cleveland.

Acquitted of Partial Robbery.
Thomas J. Marshall, Lewis Marshall, Benjamin T. Nixon, George Ruble, Jr., John P. Danner, Millie Seals and Ira Fowler of Springfield township, were found not guilty in the federal court in Pittsburgh yesterday when they had been arraigned on a charge of robbing the postoffice at Claret Haven.

UNCLAIMED TRUNK, FILLED WITH MUD, ASSAYS \$1,500

OMAHA, Nov. 15.—Frank Brubaker, of Omaha, bought an old trunk from a sale of unclaimed expressage several weeks ago for \$4.50. When he opened the trunk he found it full of black mud.

Sombody suggested he have the mud analyzed, so he took it to the American Smelting and Refining Company. Yesterday he learned the mud had \$1,500.59 worth of gold in it. Now Brubaker is trying his best to learn where the trunk originated.

McADOO WANTS DEMOCRATIC NOMINATION

By United Press.

CHICAGO, Nov. 15.—What political contender as a virtual announcement of William G. McAdoo's candidacy for the Democratic nomination for President, came here today from Judge David L. Rockwell, manager of the McAdoo's Illinois headquarters.

"McAdoo will work for the Presidential nomination of the Democratic party," Rockwell's statement declared. The statement followed a three-day visit here by McAdoo, during which time he conferred with Democratic leaders.

NEW YORK, Nov. 15.—William G. McAdoo today announced himself as favoring adjusted compensation for ex-service men to be financed by a 50-cent bond.

The declaration was made in a telegram from McAdoo to the Literary Digest. It was made public here shortly after Judge Rockwell, McAdoo's Illinois manager, issued a statement that McAdoo would, in the opinion of his friends, offer himself for the Democratic Presidential nomination.

League of Women Voters Is Behind Law Enforcement

By United Press.

PHILADELPHIA, Nov. 15.—"The Pennsylvania League of Women Voters stands squarely behind Governor Pinchot's campaign of law enforcement," Mrs. John Miller of Pittsburgh, state chairman of the League, declared today.

"The League of Women Voters has always stood for strict law enforcement and many of the policies now being carried out by Governor Pinchot were urged in the 1923 Legislative program of the state league," Mrs. Miller said.

When the first business session of the league was opened this morning by Mrs. Miller 100 delegates from all parts of the state were in attendance. In addition to the delegates the session was attended by several hundred members of the league.

4,000 Properties In Westmoreland to Be Sold for Taxes

Over 4,000 properties in Westmoreland county are advertised for sale by the county commissioners on November 27 and from day to day thereafter to collect unpaid taxes. The properties had been previously offered but no bids were received or they were not high enough to cover arrears in taxes.

There are about 70 at Scottdale in the list, which covers six full pages of a Greensburg newspaper.

Both houses and lots are included. The unpaid taxes extend back as far as 1903.

Collectors Open Drive to Bring in Delinquent Taxes

Now that the election is over, the city tax collectors, A. O. Bixler and Fred Rohrer, have launched a drive to collect delinquent taxes.

Notices have been posted all over town calling attention to November 20 as the date by which time all must be paid, with the alternative of having the collectors proceed to take legal steps against the delinquents.

Leg Broken by Falling Rock.
Frank Zanchi, of the Zanchi Gray and Sand Company, suffered a fracture of the left leg yesterday afternoon when caught by a fall of gravel and rock. He was admitted to the Connellsville State Hospital where the fracture was reduced. It is said that the injury was caused by an employee probably saved Mr. Zanchi from more serious injury.

Rural Carrier Examination.
There will be an examination at the Connellsville Postoffice December 1 in all vacant positions as rural carrier out of Clabville.

Local Missionaries Fare Much Better Than Average In Japanese Capital.

TALES OF HORROR TOLD

Back in Tokio, after the earthquake tidal wave and conflagration which laid waste to the Japanese capital, Rev. and Mrs. W. D. Cunningham, formerly of Connellsville, tell of how they found their home and mission work on their return from their summer home in the mountains 80 miles from the city, in a letter written by Mrs. Cunningham to Mr. and Mrs. D. M. Schwartz of East Park.

"You will notice by the date line that we are back once more in the City of Destruction," the letter began. "It is truly well named, for it looks very much like that. All over the city are ruins."

"We truly got off easily with our home, but the heavy house and the kindred ruin look as if they had been skinned. They were of stone and it is practically all of stone. The heavy chimney fell through the roof and the plastering is much damaged. All the paragonages are damaged and our chapel will have to be partly torn down. The top must be taken off as the walls swayed out from the roof."

"A neighbor's chimney fell onto our house and broke a slice off the eaves. The wallpaper is cracked so badly that we will have to re-paper but we will get along as best we can until we can secure paper from home for there is no place here to buy any. I will be glad when groceries are ordered and get here as there are so many things that we can't buy. We have no grocery store. Fortunately we all like rice and other Japanese foods but they are not good for a steady diet. I was able to get a bit of bacon yesterday and yum-yum, but it was good."

"It makes me heart sick to go on and see the desolation. The people are living in shanties built by the government and I fear there will be much suffering this winter. Our kinder garden is full of refugees."

"We have had several heavy earthquakes since returning from the mountains. This old house lurches and rocks and rattles until I think surely it will go down every instant during a quake. I'm afraid I'll be a nervous wreck if they don't soon stop. The top of the building near us caved in since we came home. We had three quakes in one night last week."

"We have had a new development in our house since I last wrote you. Lena Gilbert has appendicitis. It came very suddenly. I gave her all the home remedies but she grew worse, so Dad hurried after a doctor and was fortunate enough to find one and bring him along. She had two light attacks before coming to Japan. He got a trained nurse. She is much better. The doctor says she must have an operation before another attack comes on. There is no hospital to which to take her, but the American Red Cross gave a whole outfit for one to the only foreign hospital we had. The outfit includes blankets and tents. They are going to set it up in about two weeks."

"One of the awful things that happened during the quake was at the 'yoshi wara' (house of ill fame). For fear the girls would escape they shut them up in more houses and 20,000 of them were burned to death. I have seen some awful photographs but they are censored and would be taken out of letters. One of the places in the city, where our W. C. T. U. built a settlement house, 34,000 people who had come to a vacant piece of ground perished. I also saw pictures of this horrible thing. I enclose a clipping which describes it and the quake we had last week."

Babily, the Cunningham's son, has been over all the devastated area on his bicycle. Mrs. Cunningham writes, "Yes today," she says, "we went out for a while on his wheel. When he came back I asked him where he had been. 'Down to see them dynamite some buildings,' he said. He had seen everything else and wanted to see that, too."

Walls of buildings in the business area, all that is left, are being dynamited. A new Tokio is to be created "out of nothing."

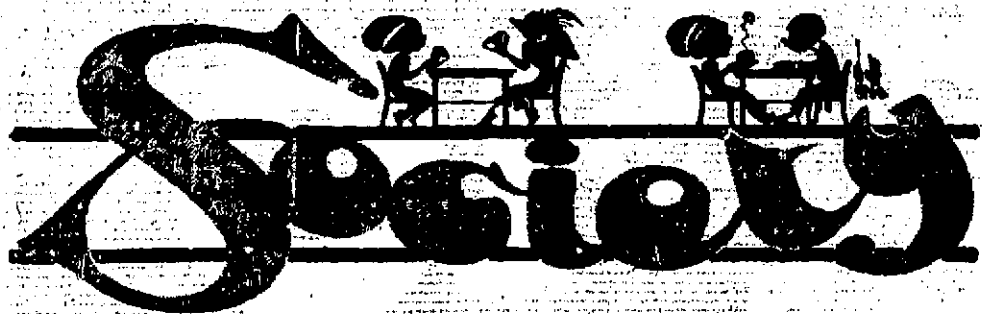

The letter was dated October 7 at Tokio.

For those who would get thinner stouter

take your choice

DIET wisely if you would reduce your weight or increase it. You need not "be hungry all the time" even if you give up a few fattening dishes; you can substitute delicious foods that give the smallest amount of fuel—and no added weight. Or, if you would increase your weight, select foods with a large number of calories. Here are suggestions for both diets:

These Foods Are Nourishing—Not Fattening

POPOVERS:
1 c. flour 2 ts. Davis Baking Powder ¼ ts. salt
1 c. egg 1 c. milk
Sift salt, flour and baking powder into bowl. Beat egg and add milk to it, stir gradually into flour mixture, making a smooth batter. Beat with Dover beater until full of bubbles. Fill hot greased muffin pans ¾ full and bake in very hot oven 30 to 40 minutes or until full and brown.

ZWIRBACH:
2 c. flour 4 ts. Davis Baking Powder ¼ ts. salt
1 c. egg 1 c. milk 2 eggs, beaten 2 ts. melted butter
Mix in order given and spread about ¼ inch in shallow baking pan. Allow to stand 10 minutes in warm place and bake 20 minutes in hot oven. When cold, cut in ½ inch slices and brown evenly in oven.

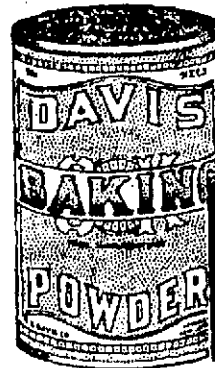

RYE MUFFINS:
1 c. rye meal ¼ c. corn syrup 1 c. milk (skimmed) ¼ c. flour 1 ts. Davis Baking Powder 1 egg, beaten 1 ts. salt 2 ts. melted fat
Mix in order given and bake in hot oven (400° F.) 20 to 25 minutes.

These Foods Will Help You Take on Weight

CHEESE DISCUTS:
2 c. flour 4 ts. Davis Baking Powder ¼ ts. salt 4 tb. shortening ¼ to 1 c. milk ¼ lb. grated cheese (American)
Sift the flour, baking powder and salt together several times; rub the shortening in with the fingers or cut it in with two knives and add milk slowly, and grated cheese, carefully mixing with the knife. Press on flour board and pat and turn only enough to make mass stick together. Roll lightly to ¼ inch thickness and shape with cutter. Bake in a hot oven 12 to 15 minutes.

JELLY ROLL:
7 egg yolks 2 ts. Davis Baking Powder 1 c. sugar 1½ c. flour ½ c. boiling water 1 ts. lemon extract
Beat the yolks with Dover beater until light and thick; gradually beat in the sugar and then the hot water. Add flour, sifted with baking powder and beat thoroughly. Bake in moderate oven 45 minutes. Turn on paper sprinkled with powdered sugar, spread with jelly and roll at once. Wrap in towel till cool.

BROWNIES:
2 sq. chocolate ¼ c. flour 2 c. butter 1 ts. Davis Baking Powder 2 eggs 1 ts. vanilla 1 c. sugar 1 c. broken nut meats
Melt together the chocolate and butter. Beat together the eggs, sugar and flour sifted with the baking powder. Add the melted mixture, vanilla and nuts. Pour on buttered paper in shallow pan ¼ inch thick; set and bake in moderate oven 30 minutes. Turn from pan, remove paper and cut into bars while hot. This makes a delicious confection either hot or cold and gives a higher food value than candy and can be eaten with less danger of disturbing the system.

TURN HAIR DARK WITH SAGE TEA

**It Mixed with Sulphur It Darkens
So Naturally Nobody
Can Tell.**

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients called "Wye's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wye's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications it also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement

The Francis Bacon Player Piano Has a History Dating Back to Washington

The history of the Bacon Piano Co. has kept step with the history of the United States for over 134 years. Founded during Washington's first administration, the business changed hands and enlarged but retained its identity until in 1836, George Bacon became a member of the firm and laid the foundation for the present Bacon Piano Co.

The piano manufactured by George Bacon became extremely popular because they contained the essentials of good instruments—beautiful tone and extreme durability. The name Bacon on a piano came to mean only one thing—quality.

For 87 years, Bacon Pianos have been made under the direct supervision of a member of the Bacon family, the present head of the firm being a grandson of George Bacon. It is a matter of personal family pride to retain and develop Bacon quality. The latest achievement of the Bacon master-workmen is the Francis Bacon Player Piano, an instrument with a beauty of tone and finish and an extreme durability that render it eminently worthy of a place in your home.

New York City, 1788—Celebrating the adoption of Federal Constitution. The attendees of this business were known at this early date.

MUSIC should be a part of your home. The recreation of your entire family requires it. The education of your children demands it.

No musical instrument could possibly serve you better than The Bacon. It is the Player Piano your home should contain. Its musical and durable qualities have been tested and attested the country over in thousands upon thousands of discriminating homes. We can refer you to hundreds of satisfied owners in whose homes we have placed the Francis Bacon. It is an instrument which has proven itself by years and years of actual service.

Singers

Anyone who speaks or sings in public
and who is apt to grow "hoarse" or
"sore" from the strain, will find that one
dramatic tablet, slowly dissolved in the
cup before speaking or singing, will
be a world of difference. The voice
is strong, and clear and natural even
after an unusual strain.
Thousands of people have testified to
the remarkable value of these pure es-
sential oil tablets, which bring such
a relief in cases of hoarseness, loss
of voice, soreness or swelling in throat,
inflammation, bronchitis, irritation, bron-
chitis, asthma, coughs, grippe, influenza,
and pneumonia.
One small inexpensive package of
"Oxidaze" tablets will quickly prove the
value of pure essential oil in cases of
"hoarseness" if they are always kept in
house for use in case of an emer-
gency. They may save you many days
of serious illness or discomfort. Any
drug dealer, A. A. Clarke and Con-
necticut Drug Co., can supply you
with Oxidaze.

1923—The 100th year of Brambach Quality

The Craftsmanship which is a Brambach Heritage

The loving care of a painter blending
his colors, the fine artistry of the com-
poser at his score—these find their
parallel in the Brambach tradition of
fine piano making. The spirit of Franz
Brambach lives today in the Bram-
bach Baby Grand.

To the true lover of the piano, Bram-
bach craftsmanship manifests itself in
that delightful singing tone and won-
derful responsiveness which distin-
guish this exquisite instrument.

And with all its musical qualities is
combined compactness of design; for
the Brambach Baby Grand fits in the
same space and costs the same as a
high-grade upright piano.

Meat for Lunch.

One Mother Says:

My children have to carry a lunch to school. One of their favorite dishes is tomato and meat, which is a good way of using cold meat. I peel and take the center from a tomato and stuff the cavity with the meat, chopped and seasoned. Then I replace the top and set the tomato in a nest of lettuce leaves in a paper container.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

US COAL COMMISSION TRYING TO PROMOTE MINE UNION CONTROL?

Addressing the Kanawha Coal Operators' Association recently, George H. Cushing, former editor of Black Diamond, charged that the United States Coal Commission has set in motion practices which will give the United Mine Workers organization a "monopoly of the right to labor in coal mines" and asked the operators if they realized just what that would mean in the cost of production.

It was also charged by Mr. Cushing that the commission did not address a single recommendation to any modification of the power of the union and suggested nothing which might lead to an avoidance of strikes in the future but on the other hand proposed a continuance of union-wide agreements which of course meant that when there was no agreement at the end of contract periods there would be further nation-wide strikes, all of which contributed to the public distress so that the commission had really done nothing toward relieving the public from such distress.

Laying stress on the fact that the non-union mines alone supplied the nation with coal during strikes, Mr. Cushing pointed out that the coal commission had suggested to non-union operators:

"That they abandon their struggle to prevent unionization of their mines."

"That a permanent commission compel non-union operators to surrender information about changes in wage rates and that the commission lay these facts before non-union miners as the basis for their decision as to whether they wanted to join the union."

"That the non-union operator who then wants to continue operation of his mines on a non-union basis shall compete in service to his men with the union operator for the available supply for mine labor."

The speaker declared that the social cost of coal production was greater than mining the coal or in other words shooting it down, loading it on cars and transporting it. He defined social costs, workmen's compensation, wash-houses, underground hospitals, rest rooms, company doctors, dental clinics, dispensaries, club houses and amusement centers.

Hold Royalties Are Not Current Earnings

An income tax of interest to coal land owners whose property is being developed on a royalty basis is before the Federal Court at Huntington, W. Va.

The Thacker-Peachmont Coal Company is seeking a refund of \$6,000 representing the tax on royalties derived from leases entered into in 1901, long before the income tax law went into effect. It is claimed by the company that the lease constituted a "sale of the coal in place," and that the royalties received are deferred payments on the sale rather than current earnings subject to taxation.

If a refund is obtained in this case, refunds will have to be made to other land owners who have similar leases. A decision is expected soon after the first of the year.

Big Under Water Storage.

The Ohio Power Company will have an aquatic coal bin 10 feet deep and a mile and a half long when its new \$10,000,000 electric generating station is completed early next year, at Philo, Ohio, near Zanesville. The company is dredging the old canal for more than a mile along the Muskingum river. The canal will be converted and when complete will be filled with water. Into this will be emptied the coal to be used at the plant. The storage capacity will be 40,000 tons.

Penn. Has All Kinds of Coal.

Pennsylvania produces coal suitable for almost all industrial purposes offering the purchaser a wide field of choice. James D. Slater, assistant state geologist, declares in a recent bulletin on "Volatile Matter in Pennsylvania Coals" issued by the Bureau of Topographic and Geologic Survey.

GOOD SOAP FOR TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker. In the old days when soap was made by the boiling process, it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Save you money and gives you all the pure, clean soap you need for kitchen, laundry and all household purposes. You will find simple directions for soapmaking on the label of every can of Merry War Lye.

Merry War Powdered Lye comes in a convenient can with revolving sifter top that cannot come off, cannot get lost, recloses tightly and preserves contents. It is economical to buy and easy to use.

MILES OF BELL TELEPHONE WIRE ADDED IN PENNSYLVANIA 1919-1922

Half a Million Miles

To the moon and back again with enough left over to wrap around the earth.

That's how much new wire is being added to the Bell System in Pennsylvania this year.

And in 1924 we expect to add 630,000 miles.

New buildings are being constructed, twenty-two of them, thirty large additions to other buildings, ten millions of dollars' worth of new switchboards and Central Office equipment, seventy-six thousand new telephones.

Factories are working day and night, train after train is hauling the equipment.

To what end?—That the telephone system in this state may keep pace with the needs of the people.

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else, but kidney trouble or the result of kidney or bladder trouble.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper—Advertisement.

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Hooker's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I was going through the Change of Life and suffered from a run-down condition and the troubles a woman has to go through at that time, not flashes, nervousness and headaches. At times I was not able to do my work, but since taking Lydia E. Pinkham's Vegetable Compound I am gaining every day and can do my work with more ease than I have for five or six years."

MARTHA HOOKER, 114 College Avenue, St. Paul, Minn.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and hot flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

Terms For Game Between Brownsville and Tornado Teams Still Up in Air

Locals Do Not Like to Guar-
antee Any Sum; Would
Split the Gate.

FENIELLO MEETS LONG

Although Manager John Fenello of the Connelville Tornados conferred with Manager Billy Long of the Brownsville Independents yesterday afternoon relative to a game to be played here between the two teams at as early a date as possible, no agreement has been reached.

The Brownsville manager stipulated that he wanted a guarantee of \$1,000 or the privilege of half the gate receipts to come here and play. The locals are protesting on the grounds that last season the Cokers went to Brownsville and played for half the gate receipts with the understanding that the river town eleven would play at Fayette Field this fall.

It is understood that the Tornados will stand on this agreement and demand that Brownsville come here and play for half the receipts. The locals are protesting the guarantee of \$1,000. To an observer this seems to be a point that should not cause much argument. It would seem that receipts at such a game would be at least between \$4,000 and \$5,000, especially as Fayette Field is fenced in, and Brownsville would profit exceedingly by accepting the terms of the Tornados that they get half of the gate receipts.

The Tornados will meet Friday evening to talk over the matter and take final action on their stand in the matter. The locals feel Brownsville is rather over-stepping the bounds in making the terms this year. Billy Long has more or less dictated the terms in other seasons and possibly with some room to do so as his team was conceded the county champion.

This year, however, with his outfit not having a look-in at the championship, it is felt that the Tornados, if it is going just a little too far in assuming the dictatorial position. Brownsville is not undeterred and the Tornados are. That places the Coker team in the position of the challenger and also gives it the right to have quite a lot to say regarding terms. Billy Long is quoted as saying he is not "frightened" over meeting the Tornado outfit but nevertheless the fact that he takes the position of dictator of the agreement under which the teams will meet looks to some fans as though he were jumping into that role in order to make a loophole for withdrawing gracefully from meeting the Cokers at all by having the Tornados turn down the proposition which would enable him to say the locals were responsible for the break-off.

December 1 is the tentative date for the game. While the word "December" sounds very late in the season, the day suggested is only two days after Thanksgiving and means, with the general approval of the football public.

HIGH SCHOOL READY TO MEET DONORA AT THAT PLACE FRIDAY

The Connelville High School football team puts on the finishing touches for its game tomorrow with Donora High at that place, this afternoon. The team will hold a snappy signal practice and then ordered home to get lots of rest.

The squad will leave here about 11:45 o'clock tomorrow morning for the Monongahela River city. The game is scheduled for 2:45 o'clock. A number of local fans, enthused by the remarkable improvement in the Coker aggregation, will accompany the team. Donora has a powerful eleven and will tax the ability of Connelville to the limit.

That newly discovered drug called "bapt" which releases an individual's savage traits is likely to have a big demand from football coaches.

Ed Gleason returned Frank Conkey and Everett Purdy to Lincoln, after being convinced that they would not make good in the American league.

Factory Demonstration

—of— GRAND COMBINATION RANGES

Mr. C. A. McKenney of the Cleveland Co-Operative Stove Co., will be here three days, commencing Thursday, Nov. 15th, at 2 P. M., to explain and demonstrate this wonderful combination range. Don't fail to attend this demonstration.

If you are thinking of purchasing a new Combination Range do not do so until you have seen the "GRAND." The "GRAND" is the only combination range manufactured today that has not had a mechanical change made in it in the last eight years.

This Range is guaranteed by Gately & Fitzgerald Furniture Co., and also the Cleveland Co-Operative Stove Co., of Cleveland, Ohio. The oven burner is so constructed that it is impossible to blow it out when closing oven door. The fine construction and location of burner makes possible all products of combustion to be carried out through the special flues instead of going into the bake oven. The oven burner is so constructed that when in operation every square inch of the bake oven is heated uniform on account of a T shaped burner carrying one third of the heat up around the top and two thirds on the bottom of the

Range, which makes this one of the most practical operating Combination Ranges that is made today.

It is guaranteed to bake perfectly with either fuel, coal or gas, in the same oven. This Range can be furnished in different sizes, four holes for coal and four for gas on the top compartment, also two holes for coal and four for gas which makes a wonderful Range for the lady who has a small amount of floor space in her kitchen. These Ranges can be furnished in brown, blue or gray enamel and full nickel trimmed. The "GRAND" Combination Range has been one of the most successful that has been sold throughout Western Pennsylvania.

Don't Fail to Attend This Factory Demonstration.

NOTE:—We will trade your old stove in and allow \$10.00 for same, regardless of condition.

RAILROADS WILL SPEND OVER ONE BILLION DOLLARS

On Program Physical Enlargement of Properties During Year 1924.

EXPECT A RECORD YEAR

At the meeting last week of the executives of the lines comprising the American Railway Association, an ambitious program for the financial and physical enlargement of railway properties during 1924 was presented and approved. This action was taken with a view to meeting what is believed will be another twelve-month of record-breaking freight traffic.

Including \$218,804,000 already authorized for new locomotives and cars, the total expenditures proposed by the lines for 1924 during the ensuing year will be \$1,732,516,826, exceeding any previous year in railroad history.

In presenting the new program it was pointed out that the goal of the plan adopted last spring have been nearly attained; many traffic records had been smashed to carry the freight of an era of industrial prosperity; much new equipment had been acquired and old equipment restored to service; car shortages had been few, traffic congestions rare and embankments almost eliminated.

All these accomplishments were due principally to a new spirit of unity among the railroads, and of cooperation between the roads and the public. The program for 1924 is a bid for further expansion toward the goal of maximum efficiency, accomplished by more perfect teamwork between the roads and their patrons. In accepting the new program the executives pledge themselves to the following:

Continued intensive effort to reduce the percentage of locomotives and cars awaiting repairs and to maintain it at the lowest possible minimum consistent with the volume of business offered and the revenue the roads are permitted to earn.

Increased supervision by the roads and greater cooperation with shippers to attain fuller utilization of car capacity.

Continued intensive effort to increase the average daily movement per freight car and to set new records or prompt movement of traffic.

Thorough consideration of the possibilities of a more extensive interchange of joint facilities.

Continued complete cooperation of the roads through the car-service division of the American Railway Association, which provides a central control and distribution of freight cars between various railway and territories.

Active support to all phases of the work of regional shippers' advisory boards of road executives and customers organized to solve mutual traffic problems.

Accompanying the program approved was the following resolution, which also was passed by both of the railway associations:

"Calling attention to the large capital expenditures made in 1923 for equipment and other transportation facilities, almost entirely from borrowed money, and to the necessity in the public interest of the continuation of similar expenditures in the future if the needs of the constantly growing commerce of the country are to be met, the railroads reaffirm their faith that the American people, the agencies of the government, state and nation, who have the final voice in controlling railroad revenues and expenses, recognizing that the continuation of an adequate program for transportation service depends upon such net income to the railroads as will permit a fair return upon the property now devoted to the public service, and will make it possible to secure new capital which is imperatively needed.

"Suffered Rheumatic Torture for Years"

NOW RESTORED TO PERFECT HEALTH.

Read What J. C. Jones, of Winchester, Ky., Has to Say About Allen's, the Sure Conqueror of Rheumatism.

"For years I was a sufferer from the torture of rheumatism. My limbs (feet and hands) would swell to almost double their normal size. I suffered intense pain day and night so that I could hardly get out of bed. I had very little hope of ever recovering from this most dreadful and painful disease. A friend of mine seeing how despondent I was over my hopeless condition advised me to try Allen's. I went immediately to the George Drug Company in Winchester and got a bottle of the internal treatment and a bottle of the liniment to use externally. For the sake of other sufferers I wish to say that the results were simply marvelous. After beginning the combined treatment the swelling began to reduce and the pain left me entirely. I continued the treatment until I had taken only two bottles which effected a complete cure. Today I positively feel better than ever before in my life. I feel that I am very fortunate in finding a remedy that has relieved me of the distress and the almost unbearable pain from which I suffered. For the past five weeks I have been working 12 hours a day and haven't even a symptom of rheumatism or sore or pain." Signed, James C. Jones.

Allen's has been tried and tested for years, and really marvelous results have been accomplished even in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. You are sure to get it at Connelville Drug Store.—Advertisement.
